Neighborhood Watch

The **Neighborhood Watch** has been up and running for several months thanks to all the dedicated volunteers who have given up a few hours in the late evening to keep our community safe.

The program **needs more volunteers** in order to remain in operation. The more volunteers there are, the less often each volunteer is called upon.

If just half the homes provided one volunteer, each volunteer would only have to patrol once every three months.

If you want to keep our neighborhood safe and help prevent vandalism, this is your chance to do so.

Please volunteer to day by calling the Neighborhood Watch Coordinator, **Neil Hornung** at **540-273-2845** or by emailing him at **njhornung@comcast.net**.
